

Leader Phone®

Audio Conferencing

Leader Phone® **Pro**

Premium services – Boost your productivity with new media innovations never before seen in the industry like Star*1® direct dialing. Star*4 enables automatic recording of training and review by no-shows. Pro brings audio conferencing into the 21st century.

Leader Phone® **Lite**

Basic service – Use these traditional services free of charge; services that the phone company charged you \$1.00 per minute for. This service introduces you to audio conferencing, then when ready you can upgrade to Leader Phone® Pro's many productivity enhancements.

Are your current audio conferencing services cumbersome and full of hidden charges? Are you wasting your time with bored, uncaring operators? Do you suspect that interlopers secretly listen to your calls? Do you wonder why advances in technology seem to have bypassed your current audio conferencing service?

Fortunately, Leader Phone® makes 21st century audio conferencing possible for everyone with a proven, secure and easy-to-use service. Sign up now. There's nothing to install. It's simple. You can start audio conferencing right away.

Every Leader Phone® dollar saves you \$30 in people-productivity cost — a 3,000% ROI*

The Smart Choice

1. Sign up

Choose either **Pro** (premium) or **Lite** (basic). If you are unsure, start with Lite. You can upgrade anytime. It's easy. Click CHAT LIVE for questions and answers day or night.

2. Make conference calls

You receive a dial-in number and PIN. Share them with your participants. Your PIN will never expire unless you choose to cancel it.

3. Enhance productivity

Once comfortable with the basics, upgrade to **Leader Phone® Pro** to further improve your productivity. The savings are dramatic.

* For an in-town travel meeting lasting one hour with six employees.
